

VERTICAL VACUUM PACKING MACHINE

Advanced Vacuum

Extended Shelf-Life

Hygienic & Safe Design

Secured Sealing

Consistent Quality

International Standards

The Vertical Vacuum Packing Machine is designed for efficient packaging of a variety of products, ensuring optimal air removal and sealing. Its upright design saves space, making it ideal for both commercial and home use. Equipped with advanced control features, it offers customizable vacuum and sealing settings for diverse applications. Perfect for packaging liquids, solids, and delicate items, it enhances preservation and extends shelf life.

The Vertical Vacuum Packing Machine specializes in efficiently sealing liquids and irregularly shaped items while maximizing space and convenience in packaging.

The Vertical Vacuum Packing Machine is ideal for packaging **Grocery Items, liquids, marinated foods, snacks, and delicate items like fish or poultry.**

Easy to Operate

Designed with simplicity, our machine features an intuitive smart interface and straightforward controls, ensuring easy operation for all experience levels.

Easy Maintenance

With a focus on convenience, our machine is engineered for easy maintenance, featuring accessible components and straightforward service procedures.

Rapid Tech Support

Benefit from our 24*7 rapid tech support, offering prompt assistance and solutions to minimize downtime and keep your machine running smoothly.

DIMENSIONS

TECHNICAL SPECIFICATIONS

Vacuum Chamber Size	675 x 300 x 690 mm	Electrical Construction	Digital Electronic Control
Sealing Length	620 mm	Body Construction	Stainless Steel 304
Sealing Width	8 mm	Viewing Product	Hygienic Stainless Steel 304
No. Of Sealing Bar	One	Production	2 To 3 Cycle/Min (Depend On Product)
Sealing Type	Pneumatic	Machine Length	~ 2830 mm
Packing Weight (Min. To Max.)	1000 Gram To 10 Kg	Machine Width	~ 1234 mm
Power Supply	3 H.P. (440 v AC)	Machine Height	~ 955 mm
Vacuum Pump	650 LPM
